Advisory Board for Women's Health  
of the Styrian Health Platform

**Abstract description (EN):**

The health governor of Styria, Austria, entrusted the Women's Health Center with the task of conceptualising an Advisory Board on Women's Health of the Styrian Health Platform. It is constituted as an interprofessional board of health, gender and legal experts with eight members. Its task is to advise the Styrian Health Platform on women's health issues. All applications to the Platform are discussed in the Advisory Board on Women's Health developing recommendations for the Platform. All proposals are thus gendered, outlining gender specific objectives, interventions, gendered evaluation indicators and controlling. The Advisory Board on Women's Health recommended that all bodies build up gender competent staff resources to enable women's health specific interventions on all levels aimed at improving women's health in Styria. The Advisory Board on Women's Health has a legal mandate. This Advisory Board on Women's Health is unique within the German speaking countries.
