Health

**Title (EN):**

Gender in Public Health: An anthology

**Abstract description (EN):**

This anthology explores health differences between men and women from a gender perspective. A variety of perspectives are taken into account among which masculinity, medicalisation of women, alcohol consumption among Swedish teenagers, the rural-urban perspective and ethnicity. These essays are written by co-workers at the Swedish National Institute of Public Health.

**Keywords:**

gender , public health, health,
